

Competitions Result of Oral presentation (International)

1. Engineering and Research Industry

1) Excellent

Use of Fiber Reinforced Composites in Civil Engineering Applications	Thanongsak Imjai	RMUTTO
--	-------------------------	--------

2) Very good

Ecofriendly Decolorization of Textile Wastewater using Natural Coagulants	Khanittha Charoenlarp	RMUTK
---	------------------------------	-------

3) Good

Co-Pyrolysis between Used Lubricant Oil and HDPE by Activated Zeolite Catalyst	Nattacha Phetyim	RMUTT
--	-------------------------	-------

2. Science and Technology

1) Excellent

Effect of Manganese Addition on Structure and Properties of Hydroxyapatite Synthesized from Eggshells	Panin Poolchak	KMUTT
---	-----------------------	-------

2) Very good

Strong Enzyme Stability in Three Enzyme Mixture based Biosensor using Trehalose as Enzyme Stabiliser for Triglyceride Detection	Lerdluck Kaewvimol	RMUTK
---	---------------------------	-------

3) Good

Concentration Effect of Solution on ZnO Hexagonal Nanorods Synthesized by Aqueous Solution Process	Daw Yangnoi	SWU
--	--------------------	-----

3. Information Technology and Communication Arts

1) Excellent

The Development of Item Bank Software Framework	Piya Thirapanmethee	KMUTNB
---	----------------------------	--------

2) Very good

Classifying Breed of Para Rubbers using the k-NN Algorithm Based on Rough Feature Selection	Phanarut Srichetta	UDRU
---	---------------------------	------

3) Good

Study of Association Rules for Recommender System of Computer Science Seminar Topics Using Frequent Pattern Growth (FP-Growth) Algorithm	Uraiwan Inyaem	RMUTT
--	-----------------------	-------

4. Economics and Business Administration

1) Excellent

The Efficiency of Marketing -Base Quality Strategy on Performance of Small and Medium Enterprise of 8 Industrial Regions In The ASEAN Economic Community	Amornrut Tudchantuk	RMUTSB
--	--------------------------------	--------

2) Very good

Factors Influencing The Retention of Staff at Rajamangala University of Technology Suvarnabumi	Laddawan Someran	RMUTSB
--	-------------------------	--------

3) Good

Customer Satisfaction on social network : The effect of Website Reputation and Website Design	Junphen Wannarak	RMUTSB
---	-------------------------	--------

5. Education and Social Science

1) Excellent

The Development of e-Learning for Fundamental Mathematics	Aoumfar Nakto	RMUTK
---	----------------------	-------

2) Very good

Applying Problem-Solving Tasks in English Collaborative Teaching: the Students' needs, Application, and Adaptation	Nattharmma Thong-Iam	RMUTTO
--	-----------------------------	--------

3) Good

Development of Huahin Learning Manual for Supporting Learning Activity in Subject of Principles for Tour Guiding for Faculty of Hospitality and Tourism Industry Students, Rajamangala University of Technology Rattanakosin	Danai Winairat	RMUTR
--	-----------------------	-------

6. Agricultural and Food Industry

1) Excellent

Actinomycetes metabolite and plant elicitors affecting to chili plant defense related genes	Nisakorn Suwan	RMUTTO
---	-----------------------	--------

2) Very good

Consumer Study of Mulberry Wine Fermented by Saccharomyces Yeast Co-Inoculation	Ni-orn Chomsri	RMUTL
---	-----------------------	-------

3) Good

Effect of Water Exchange Rates on Water Quality and Growth of Pompadour Fish	Supavadee Koydon	RMUTSB
--	-------------------------	--------
